

## 2009 SFA Symposium Schedule

*We're going green this year. We've got biodegradable disposables and we're recycling all our glass and plastic. We can't do it without your help. Please recycle your water bottles (make sure they're empty first and remove the caps) and pay close attention to the difference between our trash cans and recycling containers.*

### THURSDAY

- |                |  |
